

Village of Malcolm

137 East 2nd Street, PO Box 228
Malcolm, Nebraska 68402
(402) 796-2250

April 2026

DOG AND CHICKEN LICENSE RENEWALS

Dog and chicken license renewals are due by June 1. All dogs must be licensed through the Village Office. A copy of the current rabies vaccination certificate must be submitted with the application unless a valid certificate is already on file. (Certificates will not be returned.) Chicken owners must also obtain a license through the Village Hall to comply with local ordinances.

GOLF CARTS, ATV'S, UTV'S, AND 4-WHEELERS

Just a friendly reminder, Chapter 5, Article 3, Section 5-304 outlines the regulations regarding the operation of golf carts, ATVs, and other off-highway vehicles within the Village of Malcolm. This ordinance specifies where and when these vehicles may be operated, who is permitted to operate them, and the minimum age requirement for drivers on public streets. Please review the ordinance to ensure compliance with local regulations.

MALCOLM FARMER'S MARKET

The Market is held in the parking lot of St. Paul's Lutheran Church on Mondays from 4:00pm-7:00pm, starting June 1. Applications to participate in the Malcolm's Farmer's Market can be obtained by calling the Farmer's Market Manager – Allea River's at (402) 310-5475 or email her at malcolmfmanager@gmail.com.

PARKING REMINDER

In accordance with Village Code 4-302, vehicles, trailers, boats, campers, and similar items may not be parked on public streets for more than 24 hours. Violations will result in towing at the owner's expense.

Additionally, parking on sidewalks or in the area between the sidewalk and street is strictly prohibited. Vehicles parked in these areas will also be towed at the owner's expense.

WATER BILLS

Just a reminder, you can now pay your water/sewer bill online, by credit card, or through Nexbillpay. Please note, a convenience fee applies to online payments. For more details, visit www.malcolm.ne.gov or contact the Village Clerk at clerk@malcolm.ne.gov or (402) 796-2250.

UPCOMING IMPORTANT DATES

April 1st – Village Board Meeting
April 6th – Village Board Meeting
April 29th - Planning Committee Meeting
May 2nd – Malcolm Clean Up Day

VILLAGE BOARD AND PLANNING COMMISSION MEETINGS

Village Board meetings are held on the first Wednesday of each month, and Planning Commission meetings on the last Wednesday, both at 7:00 p.m. at the Village Hall (137 E. 2nd Street). Public input is important for the growth and concerns of the Village and its one-mile jurisdiction. To be added to the agenda, call Village Hall at (402) 796-2250.

Protect Your Sewer, Protect Your Environment. Don't Flush That!

Sewers are designed to take our wastewater and carry it safely to a treatment plant. But other items often get flushed and can create problems. We all need to keep things flowing through the sewer. Poop, pee and toilet paper? Okay. Everything else? Put it in the trash!

Here's a quick quiz:

- Do you want to keep raw sewage from backing up into your home?
 - Would you like to keep sewage from bubbling out of the manhole in the street outside?
 - When you flush your toilet, would you rather see the water go down instead of overflowing?
- If you answered yes to any of these, then don't use your toilet as a trash can!

Not convinced? Try this simple test:

- Take a square of toilet paper. Put it in a jar of water and swish it gently with a stick. The toilet paper quickly disintegrates, just as it would in a sewer.
- Now try the same thing with a baby wipe. It doesn't break apart and, in fact, the things are pretty near to indestructible in a sewer system! Try the same thing with a paper towel.
- Remember, just because it goes down when you flush, that doesn't mean it's not going to cause a problem.

Why YOU should care.

Sewer blockages can cause all of these:

- Plugged and overflowing toilets
- Poorly draining sinks and showers
- Raw sewage backing up through your drain
- Manholes overflowing onto the ground or into nearby surface waters.
- Health hazards and nuisance odors.
- Increases in the city's maintenance costs.
- Costly maintenance and repair bills for you!

Even things that are labeled "flushable" can cause problems in the sewer system. Flushable toilet brushes and mop heads? Put them in the trash!

Don't Flush That!:

- * Paper towels
- * Wipes (even "flushable" ones)
- * Cloth or paper rags
- * Plastic items
- * Condoms
- * Feminine hygiene products
- * Diapers
- * Kitty litter
- * Cigarette butts
- * Dental floss
- * Latex gloves
- * Hypodermic needles
- * Facial tissues
- * Grease
- * Gas/oil/solvents
- * Anti-freeze
- * Paints
- * Dirty water from washing cars
- * Sewage from septic tanks
- * Pesticides/herbicides
- * Toys
